SUMMARY

Third-year B.Tech student in Computer Science Engineering specializing in Artificial Intelligence and Machine Learning at the Institute of Engineering and Management (IEM), under the University of Engineering and Management, Kolkata. Skilled in Python, Java, Data Structures and Algorithms, and AI/ML, with experience in software projects, hackathons, and real-world problem solving.

EDUCATION

B.Tech in Computer Science Engineering (AI & ML) Institute of Engineering and Management (IEM) CGPA: 8.63/10 (upto 4th sem)	Jul. 2024 – Present Kolkata, India
Class XII: 84.2% & Class X: 96.6% (CBSE) Techno India Group Public School	2022 – 2024 Siliguri, India

TECHNICAL SKILLS

- **Languages:** Java, Python, Javascript
- **Web Technologies:** HTML, CSS, React.js, REST APIs
- **Tools:** Git, GitHub, Google Colab, VS Code, Excel, Postman
- **Relevant Coursework:** Database Management Systems, Object-Oriented Programming, Software Engineering

EXPERIENCE

AI Domain Intern Infosys Springboard	2026
– Worked on machine learning based hospital readmission risk prediction using healthcare data. – Performed data preprocessing, feature engineering, and developed ensemble machine learning models for risk prediction. – Applied SHAP based Explainable AI to interpret predictions and identify key contributing features.	

PROJECTS

Hospital Readmission Prediction & Patient Risk Intelligence System <i>AI/ML Project</i>	2026
– Developed readmission risk prediction system using weighted ensemble of LightGBM, XGBoost, CatBoost – Technologies: Python, Scikit-learn, LightGBM, XGBoost, CatBoost, SHAP, Flask, PostgreSQL, React.js	
Cloud Anomaly Detection System <i>Machine Learning Project</i>	2026
– Developed ML system for cloud anomaly detection using preprocessing, feature engineering, anomaly analysis – Technologies: Python, Pandas, NumPy, Scikit-learn, Matplotlib, Jupyter Notebook	

ACHIEVEMENTS

- **IEEE DoubleSlash 4.0:** Secured Top 11 out of 350 teams at a 36-hour hackathon organized by IEEE Jadavpur University.
- **HackSnippet 4.0:** Secured 2nd Runner-Up at the hackathon hosted by the Institute of Engineering and Management (IEM), Kolkata.

CERTIFICATIONS

- **NPTEL:** Elite + Silver in Principles of Management and AI in Human Resource Management; Elite in Soft Skills.
- **IBM SkillsBuild:** Certifications in Machine Learning, and AI Ethics.
